

Smoothwall Login How-To

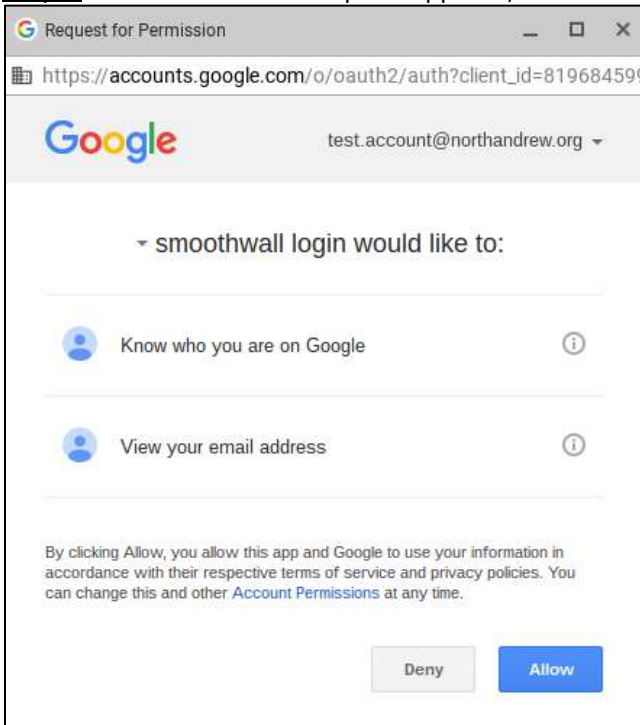

(Note: You will only have to do this once... like ever)

Step 1 - Every time you log into your Chromebook, a (somewhat annoying) webpage should pop up that looks similar to the picture below

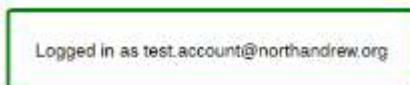

Step 2 - Click in the top right corner

Step 3 - When the below request appears, click "Allow" in the bottom right corner

Step 4 - You will be redirected to the page on Step 1, but now the G+ button should be replaced with one similar to pictured below

Your  in the browser should now turn green
